

### **investor event**

- we worked with the plan/timing for the Sharing Care project because as part of the community & membership exploration we want to involve investors as well – the funding for the project ends June 2022
- timeline for that (roughly) is here: <https://handbook.valleycare.coop/node/42>; the second picture on the page with arrows
- proposal to decide between Sat 14<sup>th</sup> May and Sat 21<sup>st</sup> May (will ask board & team to respond to this asap) for a whole day face to face drop in like event with variety of activities (more below) + an online event the following week (19<sup>th</sup> or 26<sup>th</sup> May) for those who are connected to our work but not local
- we'll work on this all together and Veronika happy to coordinate as can this do partly within the project lead role + utilise budget as well

### **what can happen on the day (we'll give this more thought together)**

- celebration of what we have achieved – meet staff team, meet the board
- open day for potential staff as well as possible user members, families and friends
- maybe a more formal session to share financial progress/updates
- share results of the Sharing Care project community exploring + get people's further input

### **a few more details/ideas**

- we'll do a survey with our investor members to learn more about their motivation to invest, interest in further/deeper engagement and suss out if there were willing to support co-op once more (financially) if they were asked

### **actions to do already**

- all to agree date preference
- once we know the date
  - we'll do a mailout to everyone we have on database (Graham to lead)
  - secure venue (Civic or Watershed)
- Graham to find out booster panel conditions and eligibility for further support
- Veronika to draft the survey for others to input (timeline for survey – to go out first week in April to be back by end of April to then have results for May)
